COLLEGE SCHOLARSHIP FUND

A donor has given the church \$2000 seed money to start a scholarship fund for students from our church who chose to attend a Christian college (university). The board has voted to start this fund to encourage all young people from our church to consider attending a Christian college.

Purpose:

It is becoming more and more vital in our day and age for high school graduates to get some type of further education. What is even more important than general education is for students to grow in their knowledge of God and understanding of His Word. To encourage our young people to further their education and to grow in their faith, we would like to offer this scholarship as a catalyst for them to explore the Christian College option. We realize Christian college is not God's plan for everyone, but we want each student to realize the great value of a Christian college education.

Plan:

Students who attend Homestead Community Church on a regular basis can ask the church to be included in the scholarship distribution. The pastor and the board will confirm the student's enrollment in a Christian College. (Though there is not a set list of Christian colleges, the pastor and board will research the school to determine if it is a college that teaches similar values and doctrines as our church.) The money that is given for the scholarship throughout the year will be divided among the applicants. Checks will be sent directly to the schools the students are attending. The money that comes in will be distributed to the students before the fall and spring semesters.

Benefit:

One of the earthly benefits of this is that many Christian colleges offer to match scholarships given by churches. Eternal benefits will be spiritual growth and more young people deepening their relationship with God inspiring them to serve the kingdom of God throughout the world.

Giving:

Money can be given to this scholarship fund throughout the year by designating it on your check or offering envelope. We will plan a special offering once a year when we celebrate the high school graduates in May during a morning service.
