## ORGANIZATIONAL PLAN FOR 2023

God has blessed Homestead Community Church over the last few years with many newer attendees. On average, over half of our weekly congregation is made up of people who have started attending in the last four years. It has been amazing to see God bring so many new faces into our fellowship and we are very excited for what God has in store.

**THE PURPOSE:** Over the last few years, very little time and effort has been invested in the formal organization of the church body, but now that we have an increasing number of people attending, it is time to organize things a little more. Many who have attended for years became official members at one point, but it doesn't appear that we have a list of actual members.

We will plan to "start over" when it comes to the organization part of the church. We will plan to establish a new official role of church members and vote on a church constitution. This will not only help in dealing with any legal matters, but will also assist in other operational areas of the church. We will start with a blank slate and take time to celebrate official membership of the Homestead Community Church family.

**THE PLAN:** On Sunday mornings in the month of February we will take time for those of you who desire to become official members of Homestead Community Church to give your testimony of salvation during our Sunday morning services. There will be a sign up list for 5-6 testimonies shared each Sunday. On the last Sunday in February, we will have a "Welcome to the Family" potluck meal and celebration where each member officially expresses their desire to officially be a part of Homestead Community Church and the constitution is officially accepted.

Once an official membership list is established, we will proceed in the following weeks to select elders and deacons and assign other organizational responsibilities like a counting committee, treasurer, secretary, etc.

This is not a plan to take away responsibilities that church members currently have, but a plan to enhance what we are currently doing to make it even better.

More information will be coming about this in the next few weeks as we look forward to an exciting future at Homestead Community Church.
